TRADE GOES STEADILY FORWARD IN NEARLY ALL LINES.

Effect of Improved Crop Prospects-Better Movement of Textiles and Footwear-Iron and Steel.

NEW YORK, June 14.-Bradstreet's tomorrow will say: Reports to Bradstreet's show a further improvement in the volume and tone of distributive trade, which had its inception in the better weather and crop conditions. Following the check given to the crop damage enthusiasts by the June crop report, which can nardly be regarded as other than brilliant for wheat, comes assurances that the conditions on June 1, good as they undoubtedly were, have been further improved. What is true case as to corn, though the latter is backward and needs warmth. Cotton crop prospects have likewise been improved, though the low condition is apt to offset some, if not all of the increase in acreage. A better While the cereals are lower on good crop reports quick support has come from the export demand, which has been the largest for weeks past, and the decline has been temporary at least. One of the most satisfactory features of all is that after quite a period of dullness, pig iron has been taken | more freely at leading markets, and bars and plates have sold better, the latter even noting an advance. Pig-iron production is shown to be proceeding at an unprecedented rate, but consumption appears to wait promptly upon output. Railroad earnings continue in undiminished volume and the only decidedly unfavorable feature deserving attention is the failure of the ma-

After a long absence, agricultural plement manufacturers are in the market for some good-sized lots. Wire and wire goods are in heavy demand and deliveries are behindhand. Machinery manufacturers are cautious as to contracting ahead, in

view of strike uncertainties. Shoe shipments from Eastern markets for the week have again passed the 100,000 case mark, despite the fact that factories are about through with their work on summer orders. For the season shipments are now 118,000 cases ahead of last year. All Western markets report heavy sole leather firm and tending upward. Hides are strong and the margin between the raw and finished product is narrow.

Wheat, including flour, shipments for the week aggregate 4,791,107 bu against 6,644,644 last week, and 4,678,029 in the corresponding week of 1900. From July 1 to date, wheat exports are 205,623,383 bu against 191,834,956 last season and 219,446,758 in 1898-99. Corn exports for the week aggregate 2,560,254 bu against 2,455,102 last tral Y. M. C. But for the lucky home run in the third inning. Streit's record would be better. Knoll led the batting for the visitors, connecting tour times safely with Stimmel's curves. Three of the Wheeling men had two hits to their credit, but they could not make their safe drives count. This was largely due to poor base-running. Fox and several other Indianapolis men won laurels by being exceedingly sprightly

Umpire Latham did a noble trick yesterday when he ran to the batter's box and picked up a bat dropped by Kelly, so that Shannon would not be injured when he slid for home plate. ASSOCIATIONS OF BOTH

Entertaining Programmes at M. T. H. S. and Shortridge-The Officers Elected.

Unusual gayety prevailed last night at the Manual Training High School. The occasion was the third reunion of the Training High School Alumni Association, of which there are nearly five hundred members. About 60 per cent. of the mem-

bers were there last night, and after the

programme class reunions were held in the several rooms of the building. The programme opened with selections by Montani Brothers' Orchestra, following which Allan P. Vestal, president of the association, delivered an address, reviewing briefly its history and commenting upon the John R. An address by Felix Ballard was a plea for self-improvement by study and proper associations after completion of the school work. Mr. and Mrs. Earl Hunt appeared in an instrumental duet. Miss Anna Kautsky, in an address, referred to the pleasant memories of high school life and a few of its effects in the business life which most of the graduates have taken up. The adjournment was taken after music by the orchestra, and there was a real scramble to get to to be held. The graduates take a great interest in these gatherings, and all appeared to feel as one who said: "Don't keep me now; I don't want to miss any of this." The classes represented are those
